Good morning Jason,

Alec is no longer with National TAB. Your best POC moving forward will be Nick or me. Did you send a PO to Alec previously? I do not see one on file. Our soonest availability for this would be 1/2/23 week. Please let me know if that will work for you.

Thanks,

Comfort. Under control.

This project will be ready for the TAB process as of 12/15. We installed the new RTU's yesterday and the electrician is wiring them up beginning of next week. Please get us on your schedule for this project.
