Hi - I did set up PO SG00004215 in Coupa. For once my memory serves me!

Thanks,  
Maria

Maria  
 See attached proposal. It might be best to schedule this for say April when the weather starts warming up so that we can test cooling temperatures on the units. If we schedule to do sometime this winter we can for sure do the air balancing we just wouldn't be able to put the unit into cooling.  
 Let me know your thoughts

Hi Maria  
Sounds good. Do you have any mechanical drawings you could send?

Good morning Will,

I hope all is well. I'm looking to schedule a TAB for this location. We've had cooling issues over the summer and Emory had installed an additional 42K BTU Mitsubishi unit in 2020 but I want to see what deficiencies may still be present.

Thanks,  
Maria
