COMPANY:	National Veterinary Association (NVA), Inc.	JOB NAME:	NVA #136 - Midland Animal Clinic (Midland, MI)
		LOCATION:	Midland, MI, USA
EMAIL:		QUOTE #:	21148
ATTN:		BID DATE:	Tuesday, August 15, 2023

Thank you for allowing National TAB this opportunity to bid on the testing and balancing of this project. The following is our understanding of the scope of work and the associated cost.

TAB Scope:

Stated issue from the client is discomfort in various rooms. The small 7x7 exam rooms in the interior of the building get uncomfortable when doors are shut. Also Kelly's office is on an exterior wall and tends to be either too hot or too cold as well. The purpose of the TAB is to resolve these concerns as best as possible with the current mechanical equipment. If the issue can't be resolved we will provide next steps to resolve.

- Sketch rooms showing diffuser location, diffuser neck size, furnace locations, ductless unit locations, exhaust fans, thermostat/sensor locations, and duct routing.
- Measure airflow for the furnace units and adjust based on nominal size of the equipment.
- Balance diffusers to improve comfort based on complaints.
- Evaluate thermostat/sensor location.
- Inspect maintenance and condition of the equipment.
- Measure entering and leaving air temperatures of all equipment.
- Measure and set final building pressure.
- We will do everything we can to resolve the issue while on site. However if we are unable to resolve we will provide a detailed list of next steps.

PROJECT MANAGEMENT & REPORTING: Our reporting and project management system is a live, streaming system powered by **FaciliBuild™ that coordinates our job schedule, interactively, with other networked trade participants and includes seamless file distribution, issue tracking and resolution, in project messaging, and a reporting system that has dynamic (not static) database. When we create a report, we create it with active equipment assets that allows the owner to import our results and continue its use for live maintenance recording. This allows you, at any time, to pull up the full history of your building's complete asset list. This system of assets can belong to the owner for the life of the equipment and your facility.*

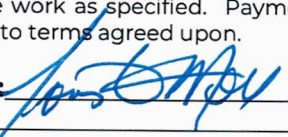

This proposal includes a written report to be submitted upon completion of all work.

TOTAL PRICE = \$3,400

Any parts if required will be additional. However, no parts will be provided without initial approval unless National TAB, LLC has agreed with the client for a set fee to perform specific task. Lift rental to be additional if required if not provided by owner or GC. Work to be performed 1st shift only.

Not included in price: Title 24 Testing (California), Sheave or belt replacement, DALT, Sound and Vibration testing, Indoor Air Quality testing, or Pre-testing unless price is specified separately above.

WE HEREBY PROPOSE to furnish labor complete in accordance with NATIONAL TAB specifications, for the sum of: **\$3,400** US Dollars. Payment to be made as follows: **Terms as specified by our accounting department.**

<p>Acceptance of proposal - The above prices, specifications and conditions are satisfactory and are hereby accepted. You are authorized to do the work as specified. Payment will be made in accordance to terms agreed upon.</p> <p>Client Signature: </p>	<p>Authorized Signature for NT:</p> <p><u>William Turnbough</u></p> <p>Date: <u>Tuesday, August 15, 2023</u></p>
