Randy

I never received a hard copy PO for this job. That's fine as PO below has not changed. ALSO, just realized in rush we never quoted the National TAB NEBB Air balance for this job. It is the \$1795 amount. Can I add this amount to the PO? I know we are getting close to the end of this project & will need to be balanced.

Sincerely,

Joe Hertenstein *Applications Engineer*

Jim C;

Please save this email as a PO for this project. Also put the PO # below in the NOLA file. Randy did not send a formal PO but the PO # with this email & quote attached is acceptable. We will need to call Rick next week to get an update. Put this note in Nola also.

Sincerely,

Joe Hertenstein *Applications Engineer*

Joe and Jim,

Please accept this email as confirmation to proceed with the attached quote for Hawk Ridge. I would send you a purchase order but our AQ system seems to be experiencing some issues today.

PO# is 92-23029

Let's use Rick Smith at contact for now to get schedule. (636) 399-2632

Currently looking to open 7/1
