See attached. Can you send us a PO ASAP?

Plan is for Zack to go there this afternoon. Are they open for business? If so can you notify the restaurant

Thank you,

Do you know what exactly what the scope is for this?

I see we need to balance EF-4/Hood 3 for sure since that is new. It also looks like we need to balance the relocated 12" diffuser

What about the existing diffusers that have airflows shown?

Plan is for Zack to do this after they close tomorrow. Let me know ASAP

Thanks,

We work with Chick-fil-A nationally. California is not one the areas we work with them, but typically TAB is handled by the owner. Is this one different?
