Hi John,

Yes, I am wrapping up this quote currently. Will you help confirm the areas/scope of equipment included since we are breaking out only Areas A, B, E ? The drawings are not very clear on which AHU's are serving these areas as well as existing VAV's that are in use, but are not labeled on the drawings (For example, Area "E" looks like there are 11 VAV's but are not labeled).

Area A:

- 10 New VAV's
- Possibly 6+ other existing VAV's (not labeled on drawings) ?
- Approximately 160 Supply air devices
- Appears 3 separate AHU's may be serving this space (based on the supply ducts entering, uncertain)

Area B: (South)

- 8 New VAV's
- Possibly 2+ other existing VAV's (Not labeled on drawings)?
- Approximately 85 Supply Air Devices
- Appears 3 Separate AHU's may be serving this space (based on the supply ducts entering, uncertain)

Area E:

- Possibly 11 existing VAV's (Not labeled on drawings)?
- Approximately 62 Air Devices
- Appears 2 Separate AHU's may be serving this space.

Best regards,

Alec M. Lewis | Manager, Business Development

Good morning Alex. I was just checking on the proposal to do the air balance. Do you think you will have the pricing and your final schedule to us today?

John

Thank you for reaching out, we'd love to help.

I can tell you we are scheduling roughly 3 weeks out from date of PO received, and it looks like there are some VAVs so we may need to have a controls contractor present for that portion of the balance, and for any AHU control we may need for the remainder of A,B,E.

Alec,

Can you send John a quote based on his request below?

Thank you,

Nick Payne

Good morning Nick. I attached a set of drawings for a job we recently completed that we need to have balanced. The building is broken up into 5 sections, on the print, A,B,C,D,E. We did some work in all 5 sections but only need sections A, B, and E balanced. Sections C, and D did not have any air work, only control relocation. Can you get us a price quote and break it down for us by building print section as soon as possible and let us know your availability to schedule the job? Thanks Nic, have a great day.

Thank you,

John Mulvey
