Team,

Have we come to a decision of when we will be able to service the unit? I have a corporate representative in house right now and she is definitely thinking we may have a ventilation issue? There is oil and cooking fat on the floors and throughout the restaurant.

Please advise.

Thank you.

Matt

Dan,

We are looking into having the McDonough GA location re-balanced. Can you have it to the schedule?

Happy 2023,
Jim

Jim,

We are seeing a significant build up of oil in the restaurant. It is the belief there may be a air balance issue.

Can you assist me with getting the restaurant air rebalanced so we are removing all the grease from the restaurant during the daily cooking process.

Thanks.

Matt
