This will probably be closer to 10/6/25.

We have to reorder our units and they are expected to arrive 9/23. We will then need to crane/install all utilities and start up prior to getting you involved. I will be putting together a schedule for this and will give you a better date next week.

You should be getting a subcontract in the next week or so but wanted to give you your SC number for this scope is SUB-00000215.

Thank you,

**Phillip Garcia**
