COMPANY:	Alliance Retail Construction, Inc.	JOB NAME:	Nike - The Woodlands TX - Return Trip
EMAIL:	linstall@allianceretail.com	LOCATION:	
ATTN:	Linda Stallings	QUOTE #:	18434
		BID DATE:	Monday, September 26, 2022

Return trip required due to major issues found during the originally scheduled visit that could not be worked around for RTU-2. The full list of issues is below.

1. RTU-2 supply ducted to the return connection and vice versa.
2. EF-2 fan wheel hits the fan housing. This unit was not tested at first balance due to airflow likely changing once it is addressed.
3. Branch damper to be installed per sheet M-101 at the reduction of RTU-1 supply duct. This is to reduce ventilation noise on sales floor caused by dampers in the grille face.
4. RTU-1 power exhaust hood should be moved from shipping position.

PROJECT MANAGEMENT & REPORTING: Our reporting and project management system is a live, streaming system powered by **FaciliBuild™ that coordinates our job schedule, interactively, with other networked trade participants and includes seamless file distribution, issue tracking and resolution, in project messaging, and a reporting system that has dynamic (not static) database. When we create a report, we create it with active equipment assets that allows the owner to import our results and continue its use for live maintenance recording. This allows you, at any time, to pull up the full history of your building's complete asset list. This system of assets can belong to the owner for the life of the equipment and your facility.*

This proposal includes a written report to be submitted upon completion of all work.
