Brian that's not a problem, we will tentatively put you down for Jan 1.

Please send any updated Mech drawings and submittals of units we will be working on.

Thank you,

Nick Payne | Regional Manager

Subject: Wilmington CBOC

Nick,
Sorry, I am getting to this one a bit late. **We will be using P.O. 1648-21 for this job.** Air balance is currently on the job schedule for 1/15-1/17. I will let you know if anything changes. Let me know what information you will need.

Thanks,

Brian Wayson
